## Summary

As a web developer with 1+ year of experience in React and JavaScript, I have a strong foundation in building dynamic and responsive user interfaces. I am adept at writing clean, efficient code and have a deep understanding of front-end development principles. I have a proven track record of collaborating with cross-functional teams to deliver high-quality products that meet user needs. My skills in problem-solving, attention to detail, and ability to work in a fast-paced environment make me a valuable asset to any team.

## Experience

### Frontend Web Developer

Global Scope Developers

Apr 2022 - Present (1 year)

Developed user-focused features to optimize the web experience on mobile devices while ensuring compatibility with desktops. Utilized a range of programming languages, including HTML, CSS, JavaScript, and React.js, to craft intuitive and user-friendly web pages. Focused on delivering an exceptional user experience by implementing best practices for web design and development.

### React Developer

Orbix Technologies

Oct 2022 - Jan 2023 (4 months)

Collaborated with a team of 11 developers to brainstorm and propose user interface concepts and applications. Conducted thorough reviews of application requirements and interface designs to ensure seamless integration with existing applications. Fostered communication and alignment among the development team to ensure successful implementation of UI ideas and designs.

## Education

### National Textile University

Bachelor's degree, Computer Science

Aug 2012 - Sep 2016

## Licenses & Certifications

### The Complete Ruby on Rails Developer Course - Udemy

UC-bcd2206d-4a21-4ee5-a474-c1dbf6a47d2f
